

THREE STAGE-FULL EXTENSIONS-BALL BEARING-100LBS CAPACITY-250LBS CAPACITY-DETENT CLOSE

DRAWER SLIDES

15

TCH drawer slides are available in 100lbs./pair 130lbs./pair or 250lbs./pair load capacity. All of our slides are 3 stage, full extension, with over travel.

The inner rail is equipped with a quick release mechanism so that it can be separated for installation and removal of the drawer or sliding shelf. The slide has a hold-in feature that prevents the drawer slide from opening accidentally.

These slides are made in an all steel construction with high precision hardened steel ball bearings and zinc plated for corrosion resistance.
